## **Town of Groton - Application for Site Plan Review**

\* \* \* You or your representative must be present at the Planning Board Meeting \* \* \*

#### **Fees and Costs**

If the total area of your proposed business is **1999 square feet** or less......\$100.00

If the total area of your proposed business is **2000 square feet** or more......\$200.00

**Additional costs** incurred by the Planning Board in connection with the review of a proposed Site Plan shall be charged to the applicant.

- a. The cost of advertising fees for Public Hearings.
- b. Costs incurred by the Town of Groton for engineering, planning, legal and other necessary expenses for the purpose of reviewing any application.
- c. Costs incurred by the Town of Groton for the review and/or preparation of an Environmental Impact Statement, if said statement is necessary.

Such reimbursable costs shall be paid to the Town of Groton prior to the issuance of any required Building Permit and/or prior to any commencement of business.

## **Application**

Planning Board meetings are held the 3<sup>rd</sup> Thursday of each month. Applications and fees must be submitted to the Town Clerk's Office at least 10 days before the Planning Board meeting in order to get on the agenda for that month. Applications must be <u>completely</u> filled out and <u>all</u> items on the Preliminary Site Plan Checklist must be addressed either on the paper provided or written up separately by the applicant.

#### **Environmental Assessment Form**

Answer all question of part (1) one only.

## **Agricultural Data Statement**

Fill out the form with your name and location of property and the owners of any farm land that is within 500 feet of the boundary lines of your property. You do not need to provide additional maps, drawings or explanations of proposed actions since this is already included in your application.

## **Public Hearing**

All Site Plan Reviews will **require at least one Public Hearing** to be held in conjunction with the review process. The Town is required by law to advertise the Public Hearing in the Town's legal paper and the applicant is responsible for paying this cost. You will be billed for this fee, which will be due in advance of the Public Hearing.

### **Your Land Use Permit and Life Safety Inspections**

After you receive approval of your Site Plan and you have completed any construction or other requirements the Code Official may issue your Land Use Permit. The Code Official will be conducting Life Safety Inspections on a routine basis. You will be notified when the inspection is due and an appointment will be arranged. If you have questions about this you may contact W. Rick Fritz, Code Enforcement Officer, at 607-898-4428 or 607-591-9898.

**Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2.** Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	THIS PORTION IS FOR THE PLANNING BOARD	No, or small impact may occur	Moderate to large impact may occur
1.	Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?		
2.	Will the proposed action result in a change in the use or intensity of use of land?		
3.	Will the proposed action impair the character or quality of the existing community?		
4.	Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?		
5.	Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?		
6.	Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?		
7.	Will the proposed action impact existing: a. public / private water supplies?		
	b. public / private wastewater treatment utilities?		
8.	Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?		
9.	Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?		

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?		
11. Will the proposed action create a hazard to environmental resources or human health?		

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.				
	Check this box if you have determined, based on the information and analysis above, and any supporting documentation that the proposed action will not result in any significant adverse environmental impacts.
